WELLSOFT.COM

Wellsoft EDIS v11 by Wellsoft® Corporation, a Division of Medsphere Systems Corporation, provides hospital Emergency Departments and Urgent Care Centers a perpetual, non-transferable license for its software system, providing an extremely broad range of features. The license is a one-time fee that includes software and interfaces. Implementation and training fees as well as recurring software support/maintenance fees apply. Select subscription fees are charged annually for 3rd party component options, when required. Some certified features are offered ala carte and may be purchased at the discretion of the purchaser. The certified product has no limitations and no other additional costs that are passed onto the client for the purposes of attestation and certification using this system. There are no limitations of use in the exchange or portability of data generated in the course of using capabilities to which the technology is certified.
